

MOLE DAY, 2019

Wednesday, October 23rd
AP Chemistry

To Be Included in your Mole Day Project:

1. Mole Awareness: Make a T-Shirt representing your Mole Hunt Team Name, or Chemistry, or a Medallion, or anything creative that can be worn throughout the day for our celebration.

2. Mole Food/Drink: October 23rd in the morning you will bring your goodie to my room. I'll have a cart in the back room. This is where you put your edible items that don't need to be in the refrig/freezer. If they do then, go to the refrig/freezer (with labels on your containers). We have it all!-- a microwave, stove, and oven.

L A B E L E V E R Y T H I N G !!!

3. Participation in a MOLE HUNT. Teams of your choice will be sorted this week. What is your Team's Name?

4. MOLE DAY "Sack of Ions Bag" - You all will receive a supermolerific MOLE DAY sack of IONS bag from a "secret" classmate. Can you keep it a surprise til Oct 23rd ?

- Draw Names the week of 10/14.
- On 10/23 you will leave your BAGS by the cart that has your PERIOD #5 sign.
- Include in bags: (every item needs to be labeled about MOLES or CHEMISTRY)

Name of recipient on front of bag (6 -.02 items!)

1 item dealing with this year's or past THEME of mole day, 1 item about a Mole Song (ask me for some lyrics), 1 item dealing with the periodic table, & 1 item about AP Chemistry, 1 item dealing with the MOLE ROAD, & 1 molerific recipe of your favorite mole food or a sample!

One final thought.... Everything doesn't need to be sweet, we all enjoy food, so think about some other than sweets....maybe snacks/appetizers/finger foods that would be enjoyable!
